£2 Bus Fares
Have you seen the news?
To help peoples budgets during the cost of living crisis, the government has introduced a flat fare of £2 for single bus journeys. This has been running for nearly a year. From October 2023 this will increase to £2.50 for 12 months. Check out this link for more information.
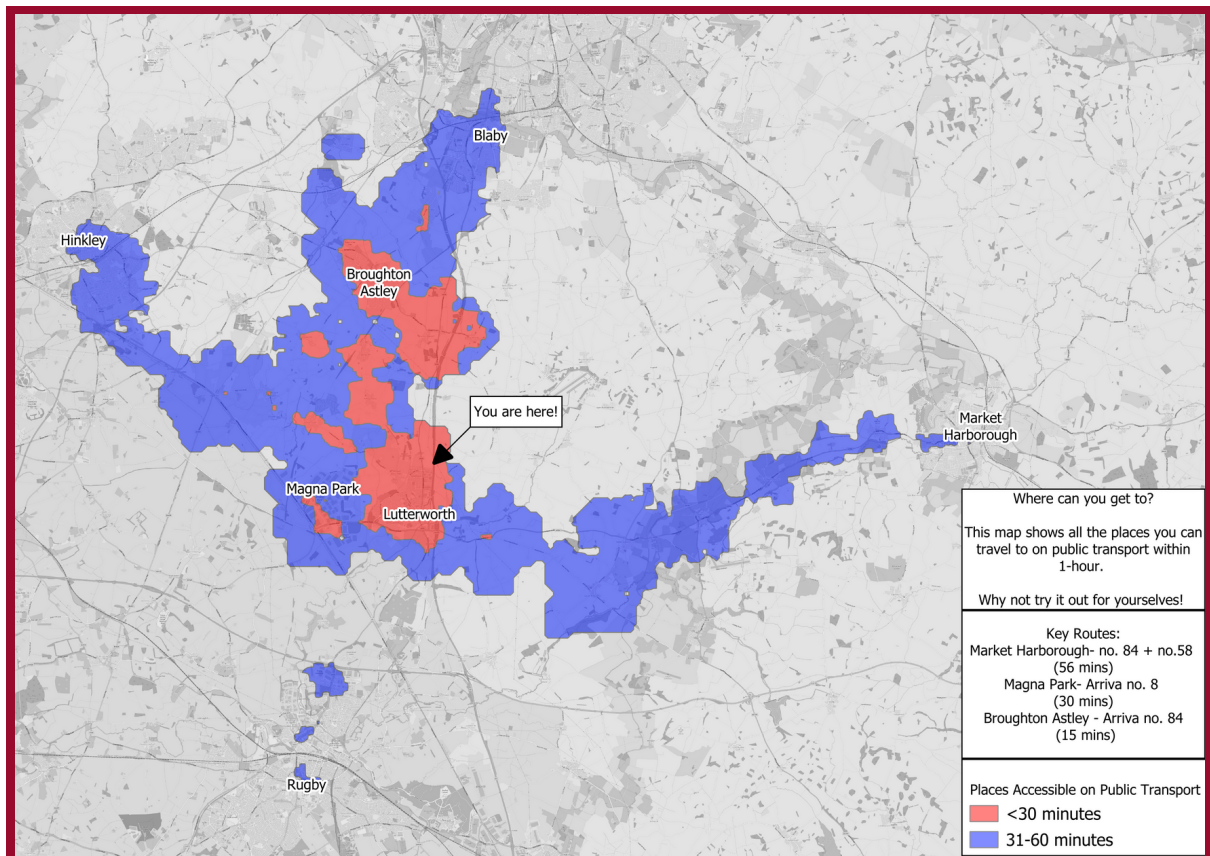

What does this mean for me?
On average most bus journeys before the cap cost nearly £3, this is a 1/3 saving for a standard journey. This means you can save on your day to day travel, and in many cases a return has become cheaper than driving.
