Petrol Prices Remain High

As petrol, diesel and general energy costs continue to race up in cost, we have been asking what is the best option to save money?

Here are a few tips:

If your journey is less than a mile, why not walk? it will save you money and be good for your health.

More than a mile? Why not cycle?

Train tickets can be very reasonable in price if you book in advance, why not commute to work by train?

<https://www.splitmyfare.co.uk/> can save you up to 30% on the headline price as well!
